Daily Focus

- Listos California and Univision issued the following statements today upon releasing a series of ads across Univision platforms urging California's vast Spanish-speaking community to #StayHomeSaveLives.
- The advertisements started Wednesday April 8, 2020, and will run for two weeks throughout Univision's statewide broadcast and digital properties. The campaign will encourage people to visit ListosCalifornia.org and the state's COVID19.ca.gov website for up-to-date information, and to use their time at home to actively give thought and take steps to prepare for other possible disasters like wildfire.
- The [inaugural PSA](#) by Listos California began airing on Univision this week.

 - Innovation & Technology Task Force
 - Cybersecurity (ESF 18)
 - Corrections Facilities & Hospitals
 - Future Opportunities
 - Workforce Development & Surge Capacity
 - Testing Taskforce

* *Emergency Support Function*

- **PPE and Medical Supply Requests**

- Resource requests for health care providers and facilities are handled through local public health departments to CDPH. The requests are submitted to the Medical Health Operational Area Coordinator (MHOAC), through the Regional Disaster Medical Health Coordinator (RDMHC), which are then sent to the CDPH Medical and Health Coordination Center (MHCC).
- This way all equipment requests can be tracked and prioritized appropriately, and they are fulfilled as quickly as possible.
- The local health facilities know this process well and have been properly submitting requests.
- We know these requests are very urgent, which is why the MHCC is working closely with the State Operations Center (SOC). Emergency Medical Services Agency (EMSA) is also embedded in the SOC to help facilitate those requests.

- **PPE delivered as of 4/10/20:**

- 706,876 gowns
- 706,387 face shields
- 6.5 million gloves
- 9,123 coveralls
- 119,858 goggles
- 41.8 million N95 Masks
- 6.6 million procedural masks

- **State Owned Ventilators**

- Modeling shows demand will peak in late May.
- The 500 ventilators were loaned and will be returned
 - 100 to New York
 - 100 to New Jersey
 - 100 to Illinois
 - 50 to Nevada
 - 50 to Maryland
 - 50 to Wash., D.C.
 - 50 to Delaware

Cal OES Webinar for Local Governments: Procurement Standards for FEMA Public Assistance Awards

- An open invitation for all local governments in California that are making purchases in direct response to the COVID-19 pandemic.
- This training will assist local governments apply for FEMA Public Assistance, and to apply the federal procurement under grant standards – a requirement of receiving FEMA Public Assistance to help pay for the cost of responding to the COVID-19 Pandemic.
- These are virtual trainings that will be hosted on BlueJeans, which only requires a mobile phone or a computer with an internet connection to view and participate.
- The training will repeat every day starting Wednesday April 1st, 2020, through Tuesday April 14th, 2020 with a morning and an afternoon session.
 - Morning Session: 10:00 AM to 12:00 PM
 - Afternoon Session: 3:00 PM to 5:00 PM
- To join the presentation:
 - Use the following hyperlink. Chrome works best :
<https://bluejeans.com/904327884?src=calendarLink>
 - Or download the iPhone or Android app
 - Meeting ID: 904 327 884

Recovery Questions

- If local governments have specific questions about COVID-19 recovery please to send them to disasterrecovery@caloes.ca.gov .

Actions Taken by the State and Federal Government

- April 10, Governor Newsom [announced](#) the release of \$100 million to support childcare services, and to support childcare providers who are stepping up to serve essential infrastructure workers and vulnerable populations as well as their children during this critical time.

Governor Gavin Newsom also [outlined](#) steps California is taking to protect the residents and employees of the more than 1,224 skilled nursing facilities and 7,461 residential care facilities across the state. Building on the state's early action to protect these facilities, California has trained and is deploying 600 nurses to support compliance with COVID-19 guidance, and state staff is calling nursing homes across the state daily to provide support.

Starting today, frontline health care workers who are exposed to or test positive for COVID-19 can find hotel rooms through the [CalTravelStore](#). Call 1-877-454-8785 to validate your eligibility and make your reservation. If hotels want to participate, they are encouraged to email covid19lodging@dgs.ca.gov.

The U.S. Army Corps of Engineers [awarded a construction contract](#) Sunday to Herman Construction Group, Inc. of Escondido, California, to retrofit the Porterville Developmental Center in Tulare County for an alternate care site in response to the COVID-19 pandemic.

California State Parks is advising the public to stay home and save lives during the COVID-19 pandemic on what is traditionally one of our park system's busiest weekends in spring. Staying home is critical to the safety of individuals, families, communities and all who take care of parks during this pandemic.

- April 9, Governor Gavin Newsom [announced](#) a new program to provide doctors, nurses and other critical front-line health care workers access to no-cost or low-cost hotel rooms, as well as no cost airfare for health care professional travel across California and the country to join California's state healthcare workforce.

By providing hotel rooms in close proximity to medical facilities, health care workers can avoid potentially spreading the virus once leaving their shift by selecting to stay in one of the pre-identified hotels across the state. The state has already identified 150 hotels that have opted in to provide discounted rates, and more hotels are encouraged to sign up.

The Governor also [announced](#) that starting this Sunday, California workers who are receiving unemployment benefits will begin receiving an extra \$600 on top of their weekly amount, as part of the new Pandemic

Additional Compensation (PAC) initiated by the CARES Act. This comes as record numbers of unemployment claims are being filed

- April 7, Governor Gavin Newsom addressed Californians about mental health during the COVID-19 pandemic. Click [here](#) to view the briefing.

The Governor signed an [executive order](#) to help the state procure necessary medical supplies to fight COVID-19, which included exempting PPE from sales tax. He also signed an [executive order](#) that to expand support for vulnerable populations by allowing 60-day waivers for IHSS program caseworkers their work and be able to care for older adults, as well as individuals with disabilities.

- April 6, recognizing that states, like New York, are experiencing immediate supply shortages as a result of COVID-19, Governor Gavin Newsom [announced](#) that California would meet this moment by loaning 500 state-owned ventilators to the Strategic National Stockpile inventory.

Governor Gavin Newsom also [announced](#) that California is making progress in securing additional beds to treat COVID-19 patients and relieve pressure on the health care delivery system. The Governor announced California has already secured up to 4,613 additional beds at alternate care sites and shuttered hospitals to care for an anticipated surge in COVID-19 patients, with even more capacity being finalized.

- April 4, Governor Gavin Newsom announced the launch of a new website, covid19supplies.ca.gov to get critical medical supplies to the front lines of California's fight against COVID-19. The website will allow individuals and companies to donate, sell or offer to manufacture 13 of the most essential medical supplies, including ventilators, N95 respirators and testing materials.

Governor Newsom also announced the COVID-19 Testing Task Force, a public-private collaboration that will work with stakeholders across the state to quickly and significantly boost California's testing capacity. The Task Force plans to scale up testing as demand increases.

The Governor also signed an executive order that will facilitate childcare for children of essential critical infrastructure workers by allowing the California Department of Education and California Department of Social Services the flexibility to waive certain programmatic and administrative requirements in response to the COVID-19 pandemic. The executive order can be found [here](#).

California State Association of Counties and the California Association of County Treasurers and Tax Collectors [announced](#) that counties will use all existing authority to cancel penalties and other charges for homeowners, small businesses, and other property owners that are unable to pay their property taxes due to circumstances caused by COVID-19 on a case-by-case basis. However, property owners who can pay or that haven't been directly affected by COVID-19, including international corporations and out-of-state landlords, still need to pay on time to keep critical government services running.

- April 3, Governor Gavin Newsom signed an executive order to expand protections to medical providers as they amplify the use of video chats and similar applications to provide routine and non-emergency medical appointments in an effort to minimize patient exposure to COVID-19.

The order relaxes certain state privacy and security laws for medical providers, so they can provide telehealth services without the risk of being penalized. This action is similar to the federal HHS Office for Civil Rights waiver issued on [March 17, 2020](#) regarding federal privacy and security laws.

Governor Gavin Newsom also signed an executive order expanding consumer protection against price gouging as California continues to respond to the COVID-19 pandemic.

The order generally prohibits sellers of any kind from increasing prices on food, consumer goods, medical or emergency supplies, and certain other items by more than 10 percent. The order also gives additional tools to the California Department of Justice and Attorney General's Office, among others, to take action against price gougers.

Governor Gavin Newsom [announced the launch of Project Roomkey](#)- a FEMA approved, first-in-the-nation effort to provide safe isolation capacity for tens of thousands of people experiencing homelessness in California in order to protect them and the state from COVID-19.

- The state's effort, Project Roomkey, has set an initial goal of securing up to 15,000 rooms for this purpose and **as of April 9**, county partners have moved more than **2,000** homeless individuals most vulnerable to COVID-19 off the street, out of shelters, and into isolation.

- April 2, Governor Gavin Newsom announced [OnwardCa.org](https://www.onwardca.org/), a one-stop resource for Californians impacted by job loss due to COVID-19 pandemic. The Governor also [announced \\$50 million](#) in loan guarantees for small businesses that may not be eligible for federal relief, as well as \$17.8 million in new state initiatives to support California workers impacted by COVID-19. The allocation will come from Workforce Innovation and Opportunity Act funds.
- April 1, [Governor Gavin Newsom announced](#) a major agreement between educators to provide distance learning to California's students. The agreement means more kids will be able to get school resources, such as quality distance instruction, and empowers teachers to create lessons within clear parameters.
- On March 31, Governor Newsom announced the [Stay Home. Save Lives. Check In. Campaign](#), which urges all Californians to check in on vulnerable neighbors with a call, text, or physically distanced door knock.
- March 30, Governor Gavin Newsom launched the Health Corps initiative to expand California's health care workforce and recruit health care professionals to address the COVID-19 surge. See link for more information: [California Health Corps](#).

The Governor also signed an [executive order](#) that will temporarily expand the health care workforce and allow health care facilities to staff at least an additional 50,000 hospital beds the state needs to treat COVID-19 patients. Governor Newsom also signed an [omnibus](#) executive order allowing small businesses a 90-day extension for filing returns.

- The executive order also includes extensions that impact state government workers, as well as consumers. For instance, the Department of Motor Vehicles will limit in-person transactions for the next 60 days, allowing instead for mail-in renewals. Additionally, the Department of Consumer Affairs will waive continuing education requirements for several professions, also for the next 60 days
- On March 29, California State Parks temporarily closed vehicle access at all 280 state parks to prevent the spread of COVID-19.

How Can People Protect Themselves:

We are all in this together. We are working rapidly to keep our state healthy. Every person has a role to play. Your actions save lives.

DO:

- Stay home
- Avoid people outside your household
- Wash hands with soap and water for at least 20 seconds
- Cover your cough or sneeze
- Frequently clean and disinfect touched objects and surfaces
- Maintain physical distance of six feet whenever outside of the house

DON'T

- Leave the house except for essential activities
- Shake hands
- Touch your face
- Go to the doctor if you are not sick
- Stockpile masks or gloves
- It is also important that anyone experiencing symptoms of COVID-19, call their health care provider first before seeking medical care so that appropriate precautions can be taken.
- Stay away from work, school or other people if you become sick with respiratory symptoms like fever and cough.

Mental Health

- The steps we are taking to slow the spread are necessary, but emotional support is important to maintain our mental and physical health.
- The stress we are all feeling right now triggers the biological stress hormone. Stress shows up in individuals differently.
- There are simple things you can do at home to protect you or others health and we have developed playbooks that offer practical tools and kits to help manage your stress.

- Call your doctor or mental health professional if you have concerns.
- 16 hotlines offering emotional support for a variety of situations and other helpful mental health resources available here:
<https://covid19.ca.gov/resources-for-emotional-support-and-well-being/>

About the Tests:

- As of April **10**, approximately **196,200** tests have been conducted in California - received from commercial, private and academic labs and the 22 [state and county health labs](#) currently testing.
 - **182,986** have been received
 - **13,200** are pending
- Commercial providers and academic labs have increased testing capacity and are now reporting that data to the state. The biggest labs included in this count are Quest, LabCorp, Kaiser, University of California, and Stanford.
- To better focus public health resources on the changing needs of California communities, the state is no longer collecting information about California travelers returning from countries that have confirmed COVID-19 outbreaks.
- Community transmission of COVID-19 has been identified in California since late February, and since early March, most confirmed cases in the state were not related to travel outside of the United States.

Small Business Assistance

- [California Small Business Loan Guarantee Program](#) (via IBank) is making available \$50 million in state funding, providing potential capital for individuals who do not qualify for federal funds.
 - Small Businesses located in California with 1-750 employees that have been negatively impacted or experienced disruption by COVID-19 and nonprofits are eligible.
- U.S. Small Business Administration (SBA) has declared all [California counties](#) eligible for the Economic Injury Disaster Loans.
- This SBA declaration makes Economic Injury Disaster Loans available to impacted small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and private non-profit organizations.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

California Health & Human Services Agency

California Department of
Public Health

- SBA loans can be approved up to \$2 million, but are limited to the economic injury determined by SBA. These loans are intended to assist through the disaster recovery period.
 - In response to the COVID-19 pandemic, small business owners in all U.S. states, Washington D.C., and territories are eligible to apply for an Economic Injury Disaster Loan advance of up to \$10,000. This advance will provide economic relief to businesses that are currently experiencing a temporary loss of revenue. Funds will be made available within three days of a successful application. This loan advance will not have to be repaid.
 - This advance may be available even if your EIDL application was declined or is still pending and will be forgiven. If you wish to apply for the Advance on your EIDL, please visit <https://covid19relief.sba.gov/#/> as soon as possible to fill out a new, streamlined application.
 - In order to qualify you need to submit this new application even if you previously submitted an EIDL application. Applying will not impact the status or slow your existing application.
- U.S. Small Business Administration announced changes to help borrowers still paying back SBA loans from previous disasters. By making this change, deferments through December 31, 2020, will be automatic. Now, borrowers of home and business disaster loans do not have to contact SBA to request deferment.
- Information on these and other programs can be found at: <https://covid19.ca.gov/business-and-employers/>.
